CAREER VISION

Junior Software Engineer with **2 years of professional experience** in Java, MERN stack, and software training. Seeking a challenging role in the IT industry where I can apply my technical skills, contribute to organizational growth, and continue learning new technologies.

EDUCATION

Bachelor of Technology, Anantha Lakshmi Institute of Technology and Sciences, Anantapur 2019 – 2023
Intermediate, KSR Govt Junior College for Girls, Anantapur 2017 – 2019
SSC, Surya English Medium High School, Anantapur 2016 – 2017

TECHNICAL SKILLS

Programming Languages	Java, Advanced Java, JavaScript
Frameworks	SpringBoot, Hibernate, Express.js, React.js, Node.js
Databases	SQL, MongoDB
Web Technologies	HTML, CSS
Tools	Git, VS Code, Postman
Architecture	MVC, REST APIs

PROJECTS

Hospital Management System
Developed a Hospital Management System using Java JDBC and MySQL.

- Implemented patient registration and appointment booking modules.
- Stored patient and doctor details securely in the database.
- Generated unique IDs for patients and doctors automatically.

Principal Dashboard (Real-Time Project)
Developed a real-time dashboard for principals to monitor academic activities and student data.

- Built dashboards to view student distribution, assignments, and course access details.
- Implemented role-based access for principal-level monitoring.
- Integrated backend APIs to fetch real-time academic and student-related data.
- Improved visibility of institutional performance through structured data representation.

EXPERIENCE

Junior Software Engineer & Trainer (MERN & Java) May 2, 2025 – Present
PurpleLane

- Working on MERN stack and Java-based application development.
- Conducting training sessions on Core Java, Advanced Java, and MERN stack.
- Delivering online classes for US and Canada clients with real-time project explanations.
- Assisting in backend development, REST API integration, and database handling.
- Supporting students with hands-on coding, debugging, and concept clarification.

Java Trainer Jan 2024 – Jan 2025
Durga Software Solutions

- Delivered Java training sessions for students and working professionals.
- Covered Core Java, OOP concepts, JDBC, SQL, and basics of Spring Framework.
- Conducted interactive sessions with real-time coding demonstrations.
- Prepared training materials including notes, presentations, and practice exercises.

Freelance Java Trainer (Part-Time) Dec 2024 – Apr 2025
Freelancer

- Conducted online Java training for international clients from the US and Canada.
- Explained Core Java, OOPs, JDBC, SQL, and basic Spring concepts.
- Provided real-time coding demonstrations and doubt-clearing support.

EXTRA-CURRICULAR ACTIVITIES

- District-level athlete; won more than three gold medals.
- Secured 2nd place in PPT presentation competition.

PERSONAL STRENGTHS

- Confident and determined
- Self-motivated with a positive attitude
- Strong problem-solving skills
- Willing to take initiative and responsibility
